

Small Groups

The Arborway, T.T. & Northwestern Railroad near Steelville, Mo., is one of the largest private 15" gauge miniature railroads in North America. The ATT&NW has about 5 miles of track on the ground; the main line run is around 3- 5/8 miles long which takes about a half hour to complete. The railroad features a spectacular single- and double-track main line graded to actual railroad specifications, the same automatic block signal and radio communication systems used by large railroads, two tunnels, one wood trestle, water tower, ten-stall roundhouse with turntable, is home to one steam engine along with several diesel locomotives, and a four-track car barn for storage of the railroad's sizeable collection of rolling stock. A three-story brick depot contains a museum full of historical railroad items/documents well as the history and building of the ATT&NW told by the late founder John R. Woods. The ATT&NW runs in hilly, wooded Ozark terrain which the railroad shares with white-tailed deer, wild turkeys and other species of Missouri wildlife.

Groups will be treated to an educational tour through the museum and 2 diesel train rides. Picnic tables are available for anyone wishing to bring lunch for the group. In setting up an event, keep in mind a rain date. The ATT&NW does not operate during rainy condition.

Small group minimum 25 people \$15.00 per person donation 5 and under free
